Custom AI & Analytics Solutions for SMBs

Who We Are

We design, build, and maintain AI and analytics solutions for small to mid-sized businesses. Our mission: turn your data into smarter decisions, streamlined operations, better products, and measurable ROI.

What Sets Us Apart

We operate as an extension of your team - solving unique data and workflow challenges with solutions built around your needs, not pre-packaged tools.

What We Deliver

- **AI Strategy:** Roadmaps that align AI and analytics with your business goals.
- **Leadership Dashboarding:** KPI dashboards for a holistic view of performance.
- **Private GPT:** Secure, internal generative AI for compliant knowledge access.
- **Workflow Automation:** Intelligent systems that simplify and speed processes.
- **AI Agents:** LLM integrations tailored to your workflows.
- **Decision Support:** Dashboards, drill-downs, and interactive widgets.
- **Custom AI & ML Models:** Predictive and classification systems for specific needs.
- **Data Readiness:** Cleaning, unifying, and structuring raw data.

Why SMBs Work With Us

- **Embedded Partnership:** We act as collaborators, not vendors.
- **Security by Default:** Compliance and protection built in.
- **Lifecycle Commitment:** Support and evolve solutions over time.
- **ROI-Focused Development:** Every project tied to measurable outcomes.

Ideal Customer

We work best with SMBs who:

- Depend on **disconnected systems** but need unified insights.
- Have leaders who **know the questions** but need technical solutions.
- Want **ROI-driven AI adoption** tied to outcomes.
- Value a **long-term partner** to design and maintain solutions.
